LOT 124 - Life-Size Human Skeleton Model with Blue Bow Tie

Description

This product is a life-size human skeleton model, designed for decorative or educational purposes. It is made of durable plastic with a realistic bone color and texture, featuring fully articulated joints. The skeleton is accessorized with a blue bow tie, adding a whimsical touch. It is seated on a beige upholstered chair with a high back and stud detailing, indicating it might be part of a display or setting. This skeleton is typically used for Halloween decorations, anatomical studies, or as a quirky piece of home décor.
